

## ENVIRONMENTAL STATEMENT

Maynards Services Limited recognises the need for sustainable development and continually aims to improve the environmental effect of its activities. Maynards will maintain an Environmental Management System (EMS) as part of its business management systems and consider environmental issues when taking into account the Companies aims and objectives. To achieve this Company shall:

Establish sound environmental management by:-

- Meeting or improving upon relevant legislative, regulatory and environmental codes of practice.
- Developing objectives that target environmental improvements and monitor performance by regular review.
- Considering any environmental issues in the decision-making process.
- Developing a relationship with suppliers and contractors so that we all recognise our environmental responsibilities.
- Educate staff so that they carry out their activities in an environmentally responsible manner.
- To prevent pollution with the aim of reducing our environmental impacts when undertaking company activities.

Provide for the effective use of resources by :-

- Promoting waste minimisation by recycling or finding other uses for by-products whenever economically viable.
- Promoting the efficient use of resources, energy and fuel throughout the organisation's operations.

Co-operate with:-

- The communities in which we operate
- The Government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.

A handwritten signature in blue ink, appearing to read "John Maynards", with a horizontal line extending from the end of the signature.
